

Forecast For Southwest England
Issued by Met Office Exeter
at 1600 on Sunday 12 Sep 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Outbreaks of rain, locally heavy in the west overnight.

This Evening and Tonight:

A largely cloudy night with outbreaks of rain edging eastwards across western parts of Cornwall, Devon and Somerset. Staying largely dry further east. A mild night for all. Minimum temperature 12 deg C (54 deg F).

Monday:

A largely cloudy start, with outbreaks of rain moving across the region through the morning. Gradually turning brighter and drier through the late afternoon and evening. Maximum temperature 19 deg C (66 deg F).

Outlook for Tuesday to Thursday:

Brighter on Tuesday and Wednesday with sunny spells and perhaps the odd shower. Largely dry on Thursday with spells of sunshine. Feeling pleasantly warm, especially in the sunshine.
